

LARSON
PACKAGING
COMPANY

Smart. Packaging. Fast.

We're a team of business-to-business protective packaging experts, specializing in custom shock and vibration protective packaging solutions for high-value, fragile and sensitive industrial and technical equipment. Using our smart design solutions and flexible, on-demand manufacturing resources, we can solve protective packaging problems for equipment, and deliver, that others cannot—or will not—FAST!

Smart

- › Experienced, professional design team engineering products that perform
- › Easy to use, load and unload
- › Reusable packaging where appropriate
- › Enlightened management and customer success team

Packaging

- › Design and manufacture custom shock and vibration protective packaging—with precision when required
- › Full line of products manufactured all under the one roof—crates, cases, foam, corrugated
- › Business coherence—we do packaging: nothing else

Fast

- › Industry leading lead times
- › Fast prototypes and samples
- › Flexible, high velocity production capable of miracles
- › On time, every time
