

ON-DEMAND BOX & FOAM

Corrugated fiberboard & plastic

Discover how our custom packaging solutions for corrugated boxes are uber cost-effective for clients

Many packaging manufacturers just aren't interested in short, custom-packaging runs of corrugated boxes. Our on-demand service does runs under 500 units and is especially cost effective. We can do large runs too.

Here's how it works:

- 1  We'll design the packaging for free (including any foam insert).
- 2  Choose from our in-stock corrugated sheet stock or 3mm blue plastic corrugated (Coroplast). Printed in full color on porous corrugated sheet stock only.
- 3  You can order virtually any quantity – including small quantities– with delivery to your door in industry-leading lead times.

Why more companies choose us

- ✓ **Flexible** short- and medium-size packaging runs
- ✓ **Robust** corrugated plastic or corrugated substrate in various weights and flutes
- ✓ **Rapid** industry-leading lead time and turnaround
- ✓ **Complete** prototyping and kitting service
- ✓ **Quality** raw materials processed in-house
- ✓ **Custom** designs in standard and nonstandard sizes
- ✓ **Protective** common and specialty insert foams such as cross-linked or beaded polyethylene
- ✓ **Attractive**, full-color digital printing
- ✓ **Efficient** optimization for cost, weight, and performance

One typical box-within-a-box design

- > Die cut RELF-200# B flute SW
- > Outer box RSC 275# C flute SW
- > Self-assembling corners (ship flat, no heat seal) suspending bottle box, 180 HRC PE foam
- > Custom foam set holding bottle, 1.5# Recycled Stratocell PE
